Backing Pads and Drums

Backing Pad Diamond 10mm Foam

This is a soft M14 backing pad for diamond pads with long hook velcro. Ideal for polishing all curved surfaces. The pad bends well in all directions.

4798	Backing Pad for Diamond Velcro Nylon+10mm foam Ø100	£7.07
------	---	-------

Backing Pad Diamond No Foam

This backing pad is designed for diamond polishing discs. It is the ideal backing pad for polishing flat surfaces such as a flat edge or a face. Fairly rigid, with long hook velcro and M14 thread.

4795	Backing Pad for Diamond Velcro Nylon Ø100	£6.80
------	---	-------

Backing Pad Diamond Rigid

This is a totally rigid resin M14 velcro backing pad for diamond discs. This backing pad is ideal for producing very flat surfaces.

9071	Backing Pad for Diamond Velcro Rigid Ø 75mm	£3.45
9073	Backing Pad for Diamond Velcro Rigid Ø100mm	£4.43
9075	Backing Pad for Diamond Velcro Rigid Ø125mm	£5.42

Backing Pad Diamond Flexible

This is a flexible M14 velcro backing pad for diamond discs. This backing pad is good for polishing concave curved surfaces such as the inside of a cut-out. The pad flexes well backwards, i.e. the sides bend up.

9072	Backing Pad for Diamond Velcro Flexible Ø 75mm	£3.45
9074	Backing Pad for Diamond Velcro Flexible Ø100mm	£4.43
9076	Backing Pad for Diamond Velcro Flexible Ø125mm	£5.42

Code	Name	Price (ex VAT)
------	------	----------------

Backing Pad Extragrip

These backing pads have a unique extragrip Velcro with double hooks. These hooks hold the loop of the velcro on the disk more firmly. With M14 fitting to screw direct onto UK polishers.

3050	Backing Pad for Diamond Velcro Extragrip Ø 97mm	£4.90
5858	Backing Pad for Diamond Velcro Extragrip Ø123mm	£5.70

Backing Pad Diamond Rigid Aluminium

These velcro backing pads are made from aluminium. They are totally rigid and very strong and light. Because they are rigid, they are ideal for flat edge polishing.

2831	Backing Pad for Diamond Velcro Aluminium Ø100mm	£7.09
2832	Backing Pad for Diamond Velcro Aluminium Ø125mm	£11.82

Velcro

This self adhesive velcro (hook) with peel off backing can be used to replace worn velcro on an existing backing pad. There are different types with different thickness of foam.

7846	Velcro Ø100mm (25mm Ø hole)	£1.49
7847	Velcro Ø100mm (25mm Ø hole) with 2mm foam	£1.49
7848	Velcro Ø100mm (25mm Ø hole) with 10mm foam	£4.42

Backing Pad Ø100mm Snail Neutral

Designed for turning Ø 100mm diamond velcro backed pads into snail fitting blocks. Neutral coloured and easy to write on for denoting the different grades. There is no rim which allows polishing right up to the edge and into a corner.

2436	Snail Adaptor Ø100mm for Resin Pads Neutral with velcro	£5.12
------	---	-------

Snail Holder M14

This holder is for attaching snail fitting blocks to polishers with an M14 thread. The snail fitting locks in 1/4 turn. The holder features heavy duty rubber which absorbs vibration and makes it easier to use.

4834	Snail Coupling/M14 with rubber Ø100mm	£25.66
4835	Snail Coupling/M14 with rubber Ø130/150mm	£29.82

 Email sales@stonetools.co.uk

Backing Pad for Papers Soft

These backing pads are for use with plain paper backed coated abrasive discs Ø125mm. To attach the discs an adhesive is used (sold separately). M14 threaded. The pads have a maximum rotation speed of 4000 rpm.

200	Backing Pad for Paper Plain FlexiPads Ø125mm	£8.50
7634	Backing Pad for Paper Plain Flex-Ovit Ø125mm	£8.50

Backing Pad for Papers Hard

This backing pad is for plain backed Ø125mm abrasive papers to be used with adhesive. This is the Flexipads alternative to the 'Moss' rubber pad. It is tough and durable with a dense layer of polyurethane. M14 threaded. The pad has a maximum rotation speed of 4000 rpm.

8692	Backing Pad for Paper Plain Heavy Duty/Plastic Ø125mm	£11.40
------	---	--------

Backing Pad for Papers Metal Flange

This backing pad is for plain backed Ø 125 mm abrasive papers. It is used with adhesive. It is more rigid than the rubber backing pad above. It is rubber with an aluminium M14 flange. The pad has a maximum rotation speed of 4000 rpm.

210	Backing Pad for Paper Plain Rubber/Metal Ø125mm	£15.83
-----	---	--------

Backing Pad Velcro for Papers

This velcro backing pad is for cloth-backed Ø125mm abrasive papers. The type of velcro is different from the hook and loop type used on the diamond backing pads. M14 threaded. The pad has a maximum rotation speed of 4000 rpm.

350	Backing Pad for Paper Velcro FlexiPads Ø125mm	£11.10
7642	Backing Pad for Paper Velcro Norton Ø125mm	£10.56

Backing Pad Nylon Flexible

These nylon backing pads are used with Fibre back or Semi Flexible discs. These are the UK's leading brand and are known for their durability and flexibility. Max 11000rpm. Supplied with a zinc alloy locking nut.

940	Nylon Backing Pad Ø125mm M14	£3.99
950	Nylon Backing Pad Ø180mm M14	£5.24

Code	Name	Price (ex VAT)
------	------	----------------

Backing Pad Nylon Coolflow

The "Coolflow" nylon backing pads are used with Fibre discs or Semi Flexible discs. They are more rigid than the standard nylon backing pad. They have a convex surface and have cooling ribs to allow an air flow between the pads and disc. They are supplied complete with zinc alloy locknuts with an M14 thread.

4832	Nylon Backing Pad Reinforced and Ventilated Ø125mm	£5.70
8338	Nylon Backing Pad Reinforced and Ventilated Ø180mm	£6.84

Backing Pad Alloy Rubber Coolflow

These alloy and rubber backing pads are the heaviest duty backing pads for Zec semi flex discs and fibre disc. They are flat and have cooling ribs to allow an air flow between the pad and disc. Supplied complete with zinc alloy locknuts with an M14 thread.

8361	Backing Pad Alloy and Rubber for Semi Flex Discs Ø125 mm	£15.23
------	--	--------

Easylok Flange Set

These replacement flange sets are for attaching blades to most angle grinders. Easylok angle grinder flanges provide a simple but effective solution to jammed angle grinder locknuts. Easylok's proven design of a steel washer secured to the underside of the front locknut provides a sliding face between the cutting disc and the locking nut.

3150	Easylok Universal Flange Set M14	£10.49
------	----------------------------------	--------

Drum Expanding Rubber

These expanding rubber drums are for use with diamond belts. They can be mounted onto many machines including CNC. For hand held polishers, the M14 mandrel may be needed (pictured with mandrel).

The recommended speed is 7000rpm for the Ø 75 mm (this speed keeps the belt firmly in position). The internal diameter is 25mm.

4821	Expanding Rubber Drum for Belts Ø 50 x 42mm M14	£25.11
4818	Expanding Rubber Drum for Belts Ø 75 x 38mm	£16.22
4823	Expanding Rubber Drum for Belts Ø 75 x 42mm	£28.97
4820	Expanding Rubber Drum for Belts Ø 100 x 38mm	£27.94
4822	Expanding Rubber Drum for Belts Ø 100 x 42mm	£29.87

Drum Mandrel

This mandrel is to mount rubber drums onto a machine with M14 thread.

4826	M14 Mandrel for Expanding Rubber Drums 75x38mm	£10.17
------	--	--------

Knives and Blades

Stanley Type Blade Heavy Duty

Heavy duty cutting blades made in Sheffield.

3000	Stanley Type Blades - Pack of 100	£8.54
------	-----------------------------------	-------

Small Pocket Sized Cutter

This small pocket sized cutter with stainless-steel barrel has a retractable, snap off blade. With clip and safety device for locking the blade.

7246	Small Cutter Pocket Sized	£7.17
7249	Small Cutter Refil 10 Blades	£2.22

Masking Tape and Other Tape

Duct Tape

This canvas tape is top quality. The rolls are 50 mm wide and 50 m long.

Number in a box is 24.

2998	Duct Tape Silver 50mm wide 50m Heavy Duty	£3.47
------	---	-------

Masking Tape

This is top quality 3M Scotch masking tape with good adhesive properties. It is easy to remove without breaking. The 50 mm wide rolls are packed in sleeves of 5 and there are 20 in a box. The 38 mm wide rolls are packed in sleeves of 6 and there are 24 in a box.

3359	3M Masking Tape 38mm wide	£1.33
2710	3M Masking Tape 50mm wide	£1.58

Marking Out

Scriber

A fine tungsten tipped scribe for marking all stones.

7025	Heavy Type Scriber	£4.89
------	--------------------	-------

Chinagraph Pencils

These Chinagraph pencils are used for marking out. They are the type that needs sharpening with a blade or a pencil sharpener, rather than the type that you unwrap.

7332	Chinagraph Pencil Box of 12 Black	£9.00
7528	Chinagraph Pencil Box of 12 Red	£9.00
7331	Chinagraph Pencil Box of 12 White	£9.00
7529	Chinagraph Pencil Box of 12 Yellow	£9.00

Paint Markers

Paint marker pens are a new way to mark out stone. The colours are much more visible than other methods of marking and this enhanced visibility helps eliminate costly mistakes during manufacture and installation. The pens can be used on virtually all materials: stone, ceramic, plastic, glass, metal or wood. The ink is waterproof, yet easy to remove with wire wool. Take care with white marble. Sold in packs of 10.

7205	Edding 750 Paint Marker Broad 2-4mm tip Black Pack of 10	£27.06
7202	Edding 750 Paint Marker Broad 2-4mm tip Red Pack of 10	£27.06
8382	Edding 750 Paint Marker Broad 2-4mm tip White Pack of 10	£26.64
7199	Edding 750 Paint Marker Broad 2-4mm tip Yellow Pack of 10	£27.06
7211	Edding 751 Paint Marker Medium 1-2mm tip Black Pack of 10	£25.46
7209	Edding 751 Paint Marker Medium 1-2mm tip Red Pack of 10	£25.46
8383	Edding 751 Paint Marker Medium 1-2mm tip White Pack of 10	£25.46
7208	Edding 751 Paint Marker Medium 1-2mm tip Yellow Pack of 10	£25.46
7226	Edding 780 Paint Marker Fine 0.8mm tip Black Pack of 10	£25.46
7225	Edding 780 Paint Marker Fine 0.8mm tip Red Pack of 10	£25.46

Crayon Marker

This crayon is handy for labelling up slabs and other marking out jobs.

8850	Staedtler Marker Crayon Box of 12 Black	£6.61
8849	Staedtler Marker Crayon Box of 12 Red	£6.61
8848	Staedtler Marker Crayon Box of 12 White	£6.61
8851	Staedtler Marker Crayon Box of 12 Yellow	£6.61

Pencil 6H

These packs of Extra Hard pencils are handy for marking out.

8847	Pencil Extra Hard Lead 6H Pack of 12	£7.61
------	--------------------------------------	-------

Carpenter Pen

This is a bullet tip pen with permanent black ink. The 20 mm long narrow nib is ideal for marking hard-to-reach places, e.g. drill holes.

7229	Edding 8850 Carpenter Pen Fine 0.7-1mm	£1.59
------	--	-------

Specialist Pens

UV Security Marker

This UV security marker is ideal for marking all of your expensive equipment or even the back of slabs. With permanent special ink which only shows up under ultraviolet light.

7236	Edding 8280 Ultra Violet Security Marker Pack of 10	£2.39
------	---	-------

Whiteboard Pens

These are marker pens with bullet tip for use on whiteboards. Each pack contains colours black, red, blue and green.

7241	Edding Whiteboard Pen 4 Colour Set Fine 1mm	£3.03
7244	Edding Whiteboard Pen 4 Colour Set Medium 1.5-3mm	£5.97

Grout Cleaning Pen

A tile marker with bullet tip which improves the colour of grout joints between tiles in areas of hygiene, such as in the bathroom or kitchen. This pen is permanent and leaves an opaque lacquered finish which is waterproof.

First, clean the grouting thoroughly with water before setting to work. Simply shake, pump and then write over the grouting between the tiles as if using a normal pen. This "mould-breaking" marker will tackle dirty, weathered or even mouldy grouting with ease. The pens have a stroke width of 2-4 mm and come with 3 spare nibs.

7227	Edding 8200 Grout Cleaning Pen Light Grey PACK 10	£27.84
7228	Edding 8200 Grout Cleaning Pen White PACK 10	£27.84

Felts and Mops

Felt Mops M14

These felt pads have an M14 fitting and screw directly on most UK polishers. They are used for polishing stone (with powders or waxes). They are 25 mm thick. The maximum recommended speed for these products is 4500 rpm.

2930	Felt Pad 125mm M14	£15.68
2940	Felt Pad 180mm M14	£19.38

Felt with bore Ø 22.2mm

These felt pads have a Ø 22.2 mm bore and attach to a polisher with flanges. They are used for polishing stone (with powders or waxes). They are 20 mm thick. The maximum recommended speed for these product is 4500 rpm.

2218	Felt Pad Ø120mm x 20mm bore 22.2	£8.88
2219	Felt Pad Ø180mm x 20mm bore 22.2	£11.51

Lambswool Bonnet Tie On

These premium quality tie-on genuine 100% sheepskin bonnets are used for buffing stone. They are tied over a soft backing pad.

5866	Lambswool Bonnet 5"	£2.51
2900	Lambswool Bonnet 6"	£3.42
2910	Lambswool Bonnet 7"	£4.90
5859	Support Pad for Lambs Wool Bonnet 7"	£6.38

Stitch Mop

Stitch mops are a stack of cotton cloth stitched together to make a mop either 25 mm or 50 mm thick. They attach to a polisher with a tapered or straight stitch mop adaptor. They are used with abrasive waxes for polishing stone. The edge of the mop is used. The ideal speed is 3000 rpm.

2880	Stitch Mop (6") Ø 1" Thick	£6.27
2890	Stitch Mop (6") Ø 2" Thick	£11.29

Stitch Mop Tapered Adaptor

This M14 adaptor is used for attaching a stitch mop to a polisher.

7267	Taper Mop Adaptor M14	£17.22
------	-----------------------	--------

Stitch Mop Straight Adaptor

This M14 adaptor is used to mount stitch mops on a polisher. It can take 25 mm or 50 mm wide stitch mops.

7985	Stitch Mop Adaptor	£34.40
------	--------------------	--------

Wire Wool

Wire Wool

Coarse, medium and fine grade wire wool is used during the polishing and maintenance of stone. The sleeves are sold individually and there are 30 in a box.

6291	Wire Wool Clipper Coarse 450g sleeve	£1.96
3517	Wire Wool Clipper Fine 450g sleeve	£1.96
2990	Wire Wool Clipper Medium 450g sleeve	£1.96

Glue for Papers

Spray Adhesive for Papers

This spray adhesive is used to stick plain-backed Silicon Carbide papers to plain backing pads. The tins are sold individually and there are 12 in a box.

240	Glue Spray M P 500ml	£1.84
-----	----------------------	-------

Kleber Adhesive for Papers

Fast drying contact adhesive used to stick plain-backed Silicon Carbide papers to plain backing pads. This product dries out when left open.

230	Glue Flex Kleber 400g	£12.65
-----	-----------------------	--------

Solvent

Solvent No.2

This solvent is ideal for dissolving sticky glue residue i.e. the backing pad glues such as Kleber.

7298	Solvent No2 1l	£6.86
------	----------------	-------

Clamps

Solo Clamp

These solo clamps are ideal for clamping bits of stone to a work bench, trolley or A-frame. With its one-handed application and release mechanism, the clamps are easy to use. They have plastic jaws (and therefore do not scratch the stone) and have up to 1.7kN (170kgf) clamping force. One of the plastic jaws can be angled for secure clamping. These are top quality clamps and are very strong. They are built to last.

7671	Clamp Solo 100mm	£4.23
7672	Clamp Solo 150mm	£4.93

Sharpening Block for Diamond Tools

Sharpening Block for Diamonds

These aluminium oxide abrasive blocks are used to refresh metal bonded diamond tools. The action of cutting into the block grinds away some of the metal alloy in the segments which exposes new diamonds.

8701	Blade Sharpening Block	£7.86
------	------------------------	-------

Guns and Applicators

Applicator Gun for Silicon Easi-flow HD

The Easi-flow applicator gun is for 310ml cartridges. With a 7:1 trigger ratio, it is ideal for low viscosity materials (like silicon).

2929	Cartridge Gun Easiflow HD 310ml (7-1 ratio)	£4.03
------	---	-------

Tel 0800 78 33 181
 Fax 0800 78 33 182
 Email sales@stonetools.co.uk

Applicator Gun for Silicon Power-flow

A powerful 12:1 trigger ratio silicon gun. This gun takes 310ml and 400ml cartridges and is also suitable for 150ml co-axial cartridges.

It is made from strong welded steel epoxy coated frame with a special wear compensating device and Zinc coated corrosion resistant sliding components. This gun is recommended for S70 silicon which has a higher viscosity than standard silicon. The 12:1 trigger ratio gives better control than the 7:1 ratio gun.

2926	Cartridge Gun Powerflow 310ml (12-1 ratio)	£12.68
------	--	--------

Applicator Gun for Silicon Ultra-flow

This is a high-powered manual applicator - amongst the most powerful in the world - ideal for use with very high viscosity sealants and adhesives. It is good for two part epoxy cartridges.

The gun is reinforced and has a 25:1 trigger ratio giving more than 5.0 kN (500kgf) thrust.

2928	Cartridge Gun Ultraflow 310ml (25-1 ratio)	£22.21
------	--	--------

Applicator Gun for Roxy and Saldatutto

Light weight but strong mixer gun, for use with 50ml Roxy and Saldatutto Epoxy cartridges.

8671	Applicator Gun for Saldatutto and Roxy	£10.05
------	--	--------

Tile Spacers

Tile Spacers Type A

These are colour coded plastic shims for evenly spacing tiles.

3080	Spacer 45 x 55mm 1mm Yellow Pack of 1000	£19.53
3081	Spacer 45 x 55mm 2mm Green Pack of 1000	£25.63
3082	Spacer 45 x 55mm 3mm Blue Pack of 1000	£31.25
3083	Spacer 45 x 55mm 4mm Red Pack of 1000	£38.59
3084	Spacer 45 x 55mm 5mm Brown Pack of 1000	£44.22

Tile Spacers Type Wedge Packer

These wedges are used to space stones and tiles during installation.

3085	Wedge 24 x 80mm 1-3mm Pack of 1000	£39.38
------	------------------------------------	--------

Laser Measuring Tools

5 in 1 Ultrasonic Measure | Detector | Laser Line UML15M5

This handy gadget can detect electricity cables or pipes in walls or can be used to find stud woodwork behind plasterboard. It measures distance using ultrasound up to 15m with digital accuracy. As well as this, it projects a straight laser line of 5m.

The device requires a 9v battery (not supplied).

8363 5 in 1 Ultrasonic Measure/Detector/Laser Line Makita UML15M5 £54.55

Ultrasonic Measure with Laser Pointer UML15

The Makita UML15 is an ultrasonic distance measure with an integrated laser pointer. It measures distance, area and volume in both metric and imperial. It can measure distances from 60 cm to 15 m. It comes supplied with a battery. It's as easy to use as point, press and read the results. It is easy to do multiple additions i.e. size on size. This product is useful for surveying small rooms.

1517 Ultrasonic Distance Meter Makita UML15 £30.00

Laser Level Manual SKR60

This is a manual laser level with 30m radius (60m diameter). Mainly for internal use. Horizontal or vertical, it can be inclined at any angle to 90 degrees.

Operating range: 30 m radius / 60 m diameter
 Rotation Speed: 0/150/400/600 rpm
 Levelling accuracy: ± 10 mm at 30 m
 Power: 3 X AA alkaline dry cell
 Standard Equipment: LR60 remote control, magnetic target, laser intensive glasses, battery (x4), built in wall mount, carry case.

1484 Manual Levelling Laser Makita SKR60 £196.43

Laser Level Self-Levelling SKR301X

This is an automatic self levelling laser with a 150m radius (300m diameter). It is suitable for use both internally and externally. It has fully automatic operation both horizontally and vertically. It can also be used in manual mode.

Operating range: 150 m radius/ 300 m diameter
 Rotation Speed: 0-600 rpm
 Levelling accuracy: ± 10 mm in 100 m
 Power: 2 X 2D NI-Cad
 Standard Equipment: remote control, CB60 magnetic target, glasses, rechargeable batteries, charger, carrying case

1482 Automatic Self Levelling Laser Makita SKR301X £778.57
