## Chisels, Claws and Bush Hammering Bits

### Diamond Whetstone

This diamond Whetstone has an electroplated diamond sheet attached to a perfectly flat aluminium block. Used for sharpening chisels.

7905	Diamond Whetstone 150 x 50mm G200 + 400 Ni	£25.82
4499	Diamond Whetstone 150 x 50mm G200 Red Ni	£27.13

### Hammer Head Carving Chisel

The hammer head chisels are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone.

7667	Gold Carving Chisel for Granite and Marble 3mm	£5.51
7003	Gold Carving Chisel for Granite and Marble 4mm	£5.85
7004	Gold Carving Chisel for Granite and Marble 6mm	£6.12
7005	Gold Carving Chisel for Granite and Marble 8mm	£7.54
7006	Gold Carving Chisel for Granite and Marble 10mm	£8.62
7007	Gold Carving Chisel for Granite and Marble 12mm	£9.73
7668	Gold Carving Chisel for Granite and Marble 15mm	£11.63
7418	Gold Carving Chisel for Granite and Marble 18mm	£14.52
7669	Gold Carving Chisel for Granite and Marble 25mm	£25.42

### Hammer Head Heavy Duty Chisel

The hammer head chisels are made for heavy roughing out. They are well made and have tungsten inserts in the tips. The tips are much more reinforced than the carving chisels. They can be used on all types of stone.

6973	Heavy Duty Hand Chisel 8mm	£8.70
6974	Heavy Duty Hand Chisel 10mm	£9.80
6975	Heavy Duty Hand Chisel 12mm	£11.63
6976	Heavy Duty Hand Chisel 15mm	£14.62
6977	Heavy Duty Hand Chisel 18mm	£19.21
6978	Heavy Duty Hand Chisel 20mm	£26.09
6979	Heavy Duty Hand Chisel 25mm	£30.95

### Hammer Head Claw

The hammer head claws are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone.

6982	Claw Hand Chisel 12mm 3 teeth	£11.31
6984	Claw Hand Chisel 15mm 4 teeth	£14.17
6985	Claw Hand Chisel 18mm 3 teeth	£15.13
6988	Claw Hand Chisel 20mm 4 teeth	£16.87
6990	Claw Hand Chisel 20mm 6 teeth	£23.62

Code	Name	Price (ex VAT)
------	------	----------------

#### Hammer Head Pyramid Point

The hammer head points are made for carving and sculpture. They are well made and have tungsten inserts in the tips. The tips have four sides. They can be used on all types of stone. The size of these chisels refers to the diameter of the tungsten inset in the tip.

7042	Square Point Hand Chisel 6mm	£11.31
7044	Square Point Hand Chisel 8mm	£14.23
7045	Square Point Hand Chisel 10mm	£17.32

#### Hammer Head Round Point

The hammer head points are made for carving and sculpture. They are well made and have tungsten inserts in the tips. The tips have a conical tip. They can be used on all types of stone. The size of these chisels refers to the diameter of the tungsten inset in the tip.

7033	Round Point Hand Chisel 4mm	£6.52
7035	Round Point Hand Chisel 6mm	£10.52
7037	Round Point Hand Chisel 8mm	£13.34

#### Pitching Chisel

The pitching chisels are made for removing large lumps of stone from a block. They are well made and have tungsten inserts in the tips. They can be used on all types of stone. These chisels have an asymmetrical design which drives a crack deep into the stone.

2079	Pitching Chisel 30mm	£35.32
2082	Pitching Chisel 40mm	£44.10

#### Mallet Head Chisel

The mallet head chisels are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone. They are designed to be struck with a wooden or polythene mallet.

7055	Mallet Head Chisel 8mm	£10.01
7056	Mallet Head Chisel 10mm	£10.86
7057	Mallet Head Chisel 12mm	£13.38
7058	Mallet Head Chisel 15mm	£15.69
7059	Mallet Head Chisel 18mm	£18.74
7060	Mallet Head Chisel 20mm	£22.94
7061	Mallet Head Chisel 25mm	£26.55
7062	Mallet Head Chisel 30mm	£29.98
7063	Mallet Head Chisel 35mm	£34.31
7064	Mallet Head Chisel 40mm	£38.92
7065	Mallet Head Chisel 50mm	£40.61
7068	Mallet Head Chisel 80mm	£54.72

## Mallet Head Claw

The mallet head claws are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone. They are designed to be struck with a wooden or polythene mallet.

7074	Mallet Head Claw 20mm 3 teeth	£18.90
7077	Mallet Head Claw 25mm 4 teeth	£21.54
7079	Mallet Head Claw 30mm 5 teeth	£26.61

## Pneumatic (Ø 12.7 mm shank) Chisel

The pneumatic head (Ø 12.5 mm) chisels are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone.

7092	Gold Pneumatic Chisel 4mm	£6.71
7093	Gold Pneumatic Chisel 5mm	£7.03
7094	Gold Pneumatic Chisel 6mm	£7.20
7095	Gold Pneumatic Chisel 7mm	£7.71
7096	Gold Pneumatic Chisel 8mm	£8.39
7098	Gold Pneumatic Chisel 10mm	£9.55
7099	Gold Pneumatic Chisel 12mm	£10.47
7101	Gold Pneumatic Chisel 15mm	£12.32
7103	Gold Pneumatic Chisel 18mm	£14.84
7104	Gold Pneumatic Chisel 20mm	£20.13
7106	Gold Pneumatic Chisel 25mm	£25.66
7107	Gold Pneumatic Chisel 30mm	£33.71

## Pneumatic (Ø 12.7 mm shank) Claw

The pneumatic head (Ø 12.5 mm) claws are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone.

7119	Gold Pneumatic Claw 8mm 2 teeth	£8.94
7122	Gold Pneumatic Claw 10mm 3 teeth	£11.19
7124	Gold Pneumatic Claw 12mm 3 teeth	£11.35
7125	Gold Pneumatic Claw 12mm 4 teeth	£12.10
7128	Gold Pneumatic Claw 15mm 3 teeth	£13.66
7133	Gold Pneumatic Claw 18mm 4 teeth	£15.97
7137	Gold Pneumatic Claw 20mm 3 teeth	£16.99
7138	Gold Pneumatic Claw 20mm 4 teeth	£17.61
7144	Gold Pneumatic Claw 25mm 4 teeth	£21.93
7150	Gold Pneumatic Claw 30mm 6 teeth	£29.81

## Pneumatic (Ø 12.7 mm shank) Point

The pneumatic head (Ø 12.5 mm) points are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone. The tips have four sides.

7050	Square Point Pneumatic Chisel 6mm	£12.83
7052	Square Point Pneumatic Chisel 8mm	£15.69

Code	Name	Price (ex VAT)
------	------	----------------

#### Cross Cut Chisel

The pneumatic head (Ø 12.5 mm) cross cut chisels are made for carving and sculpture. They are well made and have tungsten inserts in the tips. They can be used on all types of stone. The cross cut chisels are designed for rapid stock removal.

2372	Reinforced Cross Cut Chisel Shank 12.5mm (Fingernail)	£13.23
------	---	--------

#### Pneumatic Bush Hammering Round

The pneumatic head (Ø 12.5 mm) bush hammering points are made to remove deep chisel marks from a carving or to give a surface a bush-hammered texture. They have tungsten inserts in the tips. They can be used on all types of stone. These bush hammering bits have a circular arrangement of points.

2095	Bush Hammering Bit Round Ø 20mm 5 teeth	£20.33
2096	Bush Hammering Bit Round Ø 20mm 9 teeth	£29.46
2100	Bush Hammering Bit Round Ø 25mm 5 teeth	£25.68

#### Pneumatic Bush Hammering Square

The pneumatic head (Ø 12.5 mm) bush hammering points are made to remove deep chisel marks from a carving or to give a surface a bush-hammered texture. They have tungsten inserts in the tips. They can be used on all types of stone. These bush hammering bits have a square arrangement of points.

2107	Bush Hammering Bit Square 15x15mm 16 teeth	£30.13
2113	Bush Hammering Bit Square 20x20mm 25 teeth	£41.98
2120	Bush Hammering Bit Square 30x30mm 16 teeth	£47.00

#### Vibration Reducing Chisel Holder

The vibration-reducing holder for chisels reduces the vibrations transmitted to the operator's hand and arm while it is gripped when working on stone material with pneumatic hammers. The use of the holder with the ALOISI low vibration hammers ensures maximum operator safety. Any type of the tools shown (chisel bit, chisel, tooth chisel, bush hammer, etc) can be used with the holder.

Shank: Ø12.5x50  
Weight without the tool: 0.680 kg

6490	Vibration Reduction Chisel Holder	£119.51
------	-----------------------------------	---------

#### Chisels for Vibration Reducing System

These special chisel tips are for use with the anti-vibration chisel holder. They have a tapered hole in the bottom of them that locks onto the chisel holder. They are made for carving and sculpture and have tungsten inserts in the tips. They can be used on all types of stone. The set consists of 5 chisels and one point as follows -Chisels 5-8-10-15-20 mm, Pyramid Point with 6mm insert.

Also available - Tooth chisel 20 mm 5 teeth, Round bushhammer Ø 25 mm 4 teeth, Square bushhammer 20x20 mm 25 teeth.

6492	Set of tools for Vibration Reduction Chisel Holder	£88.99
------	--	--------

## Die Grinder Blades

### Marble Blade (Mini)

These electroplated diamond mini blades with a 6mm Ø shank are for cutting marble or limestone. They are for use on a die grinder. The bodies of the blades are all one piece of metal including the shank.

6764	Marble Blade Ø 10mm with 6mm Shank	£9.40
3439	Marble Blade Ø 20mm with 6mm Shank	£14.09
3440	Marble Blade Ø 30mm with 6mm Shank	£19.38
3442	Marble Blade Ø 50mm with 6mm Shank	£34.05
6768	Marble Blade Ø 70mm with 6mm Shank	£45.80
6770	Marble Blade Ø 90mm with 6mm Shank	£57.54

### VTS Blade Mini with 6mm Shank

We are pleased to introduce to our range these mini blades with vacuum brazed diamond. They are useful on a wide range of materials including slate, stone and marble. The blades have a 6mm shank, and are used on a die grinder. They are ideal for sculpture. The bodies of the blades are all one piece of metal including the shank.

2986	VTS Mini Blade Ø 20mm with 6mm shank	£12.12
2987	VTS Mini Blade Ø 30mm with 6mm shank	£16.75
2988	VTS Mini Blade Ø 50mm with 6mm shank	£27.88
6019	VTS Mini Blade Ø 70mm with 6mm shank	£37.73

### Granite Blade (Mini)

These mini diamond blades are designed for carving granite and stone. They have a 6mm shank and are to be mounted in a die grinder.

2076	Granite Blade Ø 50mm with 6mm Shank	£36.41
------	-------------------------------------	--------

## Diamond Burrs

### Burr for Marble Spherical

These electroplated diamond spherical burrs are for use on a die grinder. They have a 6mm diameter shank.

6806	Electroplated Burr Spherical Ø 5mm shank 6mm	£11.74
6808	Electroplated Burr Spherical Ø10mm shank 6mm	£21.14
6809	Electroplated Burr Spherical Ø12mm shank 6mm	£24.07
6810	Electroplated Burr Spherical Ø15mm shank 6mm	£28.77
6811	Electroplated Burr Spherical Ø20mm shank 6mm	£33.47

Code	Name	Price (ex VAT)
------	------	----------------

#### Burr for Marble Tapered

These electroplated diamond tapered burrs are for use on a die grinder. They have a 6mm diameter shank.

1620	Electro Burr Tapered Ø 3mm L 5mm shank 6mm	£9.40
6798	Electro Burr Tapered Ø 5mm L 6mm shank 6mm	£11.74
6802	Electro Burr Tapered Ø10mm L15mm shank 6mm	£24.07
6804	Electro Burr Tapered Ø15mm L20mm shank 6mm	£31.11

#### Burr for Marble Tapered Swell

These electroplated diamond tapered swell burrs are for use on a die grinder. They have a 6mm diameter shank.

6772	Electro Burr Taper Swell Ø 5mm L 8mm shank 6mm	£15.85
6775	Electro Burr Taper Swell Ø10mm L20mm shank 6mm	£28.77
6778	Electro Burr Taper Swell Ø20mm L30mm shank 6mm	£38.17

#### Burr for Marble Cylindrical

These electroplated diamond cylindrical flat end burrs are for use on a die grinder. They have a 6mm diameter shank.

3460	Electro Burr Cylindrical Ø 3mm L 5mm shank 6mm	£9.40
6782	Electro Burr Cylindrical Ø 5mm L10mm shank 6mm	£16.44
6783	Electro Burr Cylindrical Ø 8mm L10mm shank 6mm	£18.79
6785	Electro Burr Cylindrical Ø 8mm L30mm shank 6mm	£28.77
6786	Electro Burr Cylindrical Ø10mm L20mm shank 6mm	£28.77
6787	Electro Burr Cylindrical Ø10mm L30mm shank 6mm	£33.47

#### Burr Diamond Cylindrical Round

These electroplated diamond cylindrical round end burrs are for use on a die grinder. They have a 6mm diameter shank.

1610	Electro Burr Cylindrical Round End Ø 3 L 5 shank 6mm	£9.40
6790	Electro Burr Cylindrical Round End Ø 5 L10 shank 6mm	£16.44
6793	Electro Burr Cylindrical Round End Ø 8 L30 shank 6mm	£28.77
6795	Electro Burr Cylindrical Round End Ø10 L30 shank 6mm	£33.47

#### VTS Burr Set

This VTS Burr Set consists of the five diamond coated tools shown above. Each one has a 6mm Ø shank. They are ideal for sculpture or for detailed grinding of stone. These burrs last longer on abrasive or hard materials than the electroplated burrs. All the burrs have a principal diameter of 13 mm.

6000	VTS Burr Set 5 Pieces	£61.56
------	-----------------------	--------

## Diamond Riflers and Hand Rasps

### Rifler 1 Diamond

These electroplated riflers have a flat end shape. They are 200 mm long and are coated with coarse grade diamond.

1640 Rifler Diamond 1 Flat £47.56

### Rifler 2 Diamond

These electroplated riflers have a tapered cylindrical shape. They are 200 mm long and are coated with coarse grade diamond.

6895 Rifler Diamond 2 Round £47.56

### Rifler 3 Diamond

These electroplated riflers have a triangular shape. They are 200 mm long and are coated with coarse grade diamond.

6896 Rifler Diamond 3 Triangular £47.56

### Rifler 4 Diamond

These electroplated riflers have a flat boot shape. They are 200 mm long and are coated with coarse grade diamond.

6897 Rifler Diamond 4 Half Round £47.56

### Hand Rasps for Marble

Forged steel rasps are ideal for soft stone and marble sculpture.

2373	Hand Rasp for Marble 150mm	£12.52
2374	Hand Rasp for Marble 180/200mm	£13.19
2375	Hand Rasp for Marble 250mm	£14.83
2376	Hand Rasp for Marble 300mm	£28.75
2377	Hand Rasp for Marble 350mm	£32.99

## Handpads

### Handpad 90mm x 55mm

These pads are for hand rubbing all types of stone. The pads are made from foam onto which is glued electroplated diamond sheet. The diamonds are arranged in an inter-linked circle pattern which gives the pads the optimal combination of longevity, cutting speed, even finish and low cost. These pads are normally used with water.

3972	Diamond Handpad 90 x 55mm G 60 Green Ni	£7.62
3969	Diamond Handpad 90 x 55mm G 120 Black Ni	£6.62
3970	Diamond Handpad 90 x 55mm G 200 Red Ni	£6.32
3971	Diamond Handpad 90 x 55mm G 400 Yellow Ni	£4.89
3978	Diamond Handpad 90 x 55mm G 500 L-Yellow R	£3.91
3977	Diamond Handpad 90 x 55mm G1000 Blue R	£3.91
3974	Diamond Handpad 90 x 55mm G8000 Orange R	£3.91

### Handpad 75mm x 75mm

These pads are for hand rubbing all types of stone. The pads are made from foam onto which is glued electroplated diamond sheet. The diamonds are arranged in a dot pattern that gives the pads the optimal combination of cutting speed and flexibility. These pads are normally used with water. These pads are for polishing sculpture, and they differ from the previous handpads in that the foam is only 10 mm thick. The thinner foam layer makes the pads more flexible.

3979	Diamond Handpad 75 x 75mm G 60 Green Ni	£16.87
3982	Diamond Handpad 75 x 75mm G 120 Black Ni	£14.02
3989	Diamond Handpad 75 x 75mm G 200 Red Ni	£10.52
3980	Diamond Handpad 75 x 75mm G 400 Yellow Ni	£9.04
3987	Diamond Handpad 75 x 75mm G 500 L-Yellow R	£5.53
3983	Diamond Handpad 75 x 75mm G1000 Blue R	£5.53
3988	Diamond Handpad 75 x 75mm G8000 Orange R	£5.53

### Handpad Profile F (O-G)

These pads are for hand rubbing all types of stone. The pads have an ogee shape (F profile) and are made from shaped foam onto which is glued electroplated diamond sheet. These pads are normally used with water.

4113	Diamond Profiled Handpad F 20mm G 60 Green Ni	£17.28
4114	Diamond Profiled Handpad F 20mm G 120 Black Ni	£14.75
4112	Diamond Profiled Handpad F 20mm G 200 Red Ni	£12.61
4111	Diamond Profiled Handpad F 20mm G 400 Yellow N	£11.24
4110	Diamond Profiled Handpad F 20mm G 500 L-Yellow R	£7.75
4109	Diamond Profiled Handpad F 20mm G1000 Blue R	£7.75
7350	Diamond Profiled Handpad F 20mm G8000 Orange R	£7.75
4119	Diamond Profiled Handpad F 30mm G 60 Green Ni	£21.56
4120	Diamond Profiled Handpad F 30mm G 120 Black Ni	£18.04
4118	Diamond Profiled Handpad F 30mm G 200 Red Ni	£15.84
4121	Diamond Profiled Handpad F 30mm G 400 Yellow N	£14.18
4115	Diamond Profiled Handpad F 30mm G 500 L-Yellow R	£10.24
4116	Diamond Profiled Handpad F 30mm G1000 Blue R	£10.24
4117	Diamond Profiled Handpad F 30mm G8000 Orange R	£10.24

## Handpad Profile V (Bullnose)

These pads are for hand rubbing all types of stone. The pads have a bullnose shape (V profile) and are made from shaped foam onto which is glued electroplated diamond sheet. These pads are normally used with water.

4059	Diamond Profiled Handpad V 20mm G 60 Green	£17.28
4060	Diamond Profiled Handpad V 20mm G 120 Black	£14.75
4068	Diamond Profiled Handpad V 20mm G 200 Red Ni	£12.61
4061	Diamond Profiled Handpad V 20mm G 400 Yellow	£11.24
4062	Diamond Profiled Handpad V 20mm G 500 L-Yellow R	£7.75
4063	Diamond Profiled Handpad V 20mm G1000 Blue	£7.75
4064	Diamond Profiled Handpad V 20mm G8000 Orange	£7.75
4078	Diamond Profiled Handpad V 30mm G 60 Green Ni	£21.56
4075	Diamond Profiled Handpad V 30mm G 120 Black Ni	£18.04
4077	Diamond Profiled Handpad V 30mm G 200 Red Ni	£15.84
4076	Diamond Profiled Handpad V 30mm G 400 Yellow N	£14.18
4069	Diamond Profiled Handpad V 30mm G 500 L-Yellow R	£10.24
4070	Diamond Profiled Handpad V 30mm G1000 Blue R	£10.24
4079	Diamond Profiled Handpad V 30mm G8000 Orange R	£10.24

## Diamond Sheets

### Sheet Moonflex Canvas

This electroplated diamond sheet is used to make custom tools. It has a cloth backing and can easily be cut with scissors (although it destroys the scissors). It is very flexible and ideal for glueing to wood, metal or foam.

7849	Diamond Canvas Sheet 230 x 50mm G 60 Green Ni	£31.97
7850	Diamond Canvas Sheet 230 x 50mm G 100 Black Ni	£25.65
7851	Diamond Canvas Sheet 230 x 50mm G 200 Red Ni	£18.10
7852	Diamond Canvas Sheet 230 x 50mm G 400 Yellow Ni	£16.03
7853	Diamond Canvas Sheet 230 x 50mm G 600 White Ni	£16.03
7854	Diamond Canvas Sheet 230 x 50mm G 1000 Blue Ni	£19.14

## Rubbing Blocks

### Rubbing Block Silicon Carbide

A solid block of silicon carbide for hand rubbing. Dimensions 150x50x25.

2122	Hand rubbing Block 8"x2"x1" G 36	£4.57
2123	Hand rubbing Block 8"x2"x1" G 60	£4.57
2124	Hand rubbing Block 8"x2"x1" G 120	£4.57
2125	Hand rubbing Block 8"x2"x1" G 220	£4.57
7618	Hand rubbing Block 8"x2"x2" G 36	£5.09
7504	Hand rubbing Block 8"x2"x2" G 60	£5.09
7619	Hand rubbing Block 8"x2"x2" G120	£5.09
7620	Hand rubbing Block 8"x2"x2" G220	£5.09

A series of horizontal dotted lines for writing, spanning the width of the page.
